## Career Objective

Passionate Digital Media Art major specializing in video editing, 3D modeling, and digital photo manipulation. Seeking opportunities to apply my creative and technical skills in multimedia production, with a focus on storytelling, visual aesthetics, and innovative digital content creation.

---

## Summary

Creative and detail-oriented digital media artist with experience in video editing, 3D modeling, and photo manipulation. Proficient in industry-standard software, including Adobe Premiere Pro, Blender, and Photoshop. Adept at working both independently and collaboratively to bring visual concepts to life. Strong problem-solving skills and a keen eye for design, composition, and narrative structure.

---

## Skills

- Video Editing (Adobe Premiere Pro, After Effects)
  - 3D Modeling & Animation (Blender)
  - Photo Editing & Manipulation (Adobe Photoshop)
  - Digital Content Creation & Storytelling
  - Strong Attention to Detail
  - Ability to Work Independently & in Team Environments
  - Live Editing & Demonstration Experience
- 

## Student Experience

- **YouTube Content Creator**  
Manage and edit engaging video content on my YouTube channel: [@tbhangiee](#).  
Developed expertise in storytelling, pacing, and audience engagement through video production.
- **Live Editing Demo - Art 198, San Jose State University**  
Conducted a live Photoshop editing demonstration showcasing techniques from my *Clones Project* series, highlighting digital manipulation skills and creative workflow in an academic setting.

- **3D Modeler & Digital Artist**

Created intricate 3D models using Blender, applying texturing, lighting, and rendering techniques to produce high-quality digital assets for artistic and multimedia projects.
